I was hoping the photo shoot would go fast today because I had so much to do. But when I got to the location and the shoot started, I really got into it. Ultimately the shoot took all day and my errands would have to wait for another day. From the moment I was naked and touching myself, my hormones took over and I think I came, like, three times and it felt great.

time for the boss

I hadn't seen a man's penis since my ex-husband left and we subsequently divorced. So I wasn't prepared at all to see my boss' penis. I guess he thought I was walking out of the bathroom because he stopped trying to cover himself when I started to turn around.

...and that's how it all began.

I'm at a mountain retreat just west of Lake Tahoe. It's in a beautiful little mountain village that looks kid of Alpine-ish. There are a dozen or so cabins around a central conference facility and we'll be there for about a week. I'm in one of the larger cabins that sleeps four on one floor. It's a modern rustic-looking A-frame with a huge window in the front that offers an incredible view of the lake. This is the fourth day of the conference that has us listening to the CEO, the CFO and other motivational speaker that have been invited to speak to us. Us is about thirty from our company which is one of the largest a natural foods wholesalers. I love my job, but after three or four days of this constant "Rah-Rah" crap, I'm ready to go home. And there's three more days of this.

So, now you know where I am, let me tell you briefly who I am and why I'm writing this. My name is Hannah, I'm 22 and started about a year ago in Purchasing. I wouldn't be here today except my old supervisor was transferred back East and I got her job. I split with

my married-too-young husband two years ago and haven't been with anyone since. Long time, I know! In the other three rooms in my cabin are occupied by the cereals marketing manager, the canned goods manager (I don't really know his title, but that's what we call him), and my department head – my boss. He's a really nice guy, about thirty, I guess, and kinda nerdy in a Clark Kent sort of way. He dresses nice for work and is always polite, but hardly ever really talks much. I sometimes tease him about that and he gets shy.

So it's after 5pm and the meetings are over for today. I just got out of the shower and, apparently, he was headed in. All four rooms share the one bath area. I wrapped a towel around me and headed back to my room. He had just come out of his room, naked, and was headed there. I smiled, looking him in the eyes, but had to sneak a peek. This was apparently not an embarrassment for him. I fumbled with my door knob and finally opened the door. He slowed down as he approached the bathroom door as maybe, just maybe, he wanted me to see his schlong. Whatever the reason, I turned back around to have my peek, I could clearly

see his semi-hard dick from where I was standing. And it turned me on! I couldn't seem to take my eyes off his cock. The last time I had seen a penis was a couple months before my divorce.

I glanced at his face and saw that he was looking at me, his face flushed and his mouth quivering slightly. He obviously embarrassed and flustered. Or maybe he was excited. By now, his dick was certainly excited! I gazed back down at his throbbing member and found myself literally drooling the more I kept staring at him. I finally took a few steps towards him and reached out my hand and gently touched the middle of his prick with the tips of my fingers, my touch caused it to throb that much more. I immediately pulled my hand back as if I had just touched a rattlesnake! I gasped put my hand to my chest, still not taking my eyes off my boss' cock.

I grabbed it and pulled him into the bathroom and closed the door. I let go of his cock and grabbed a washcloth and soap and began scrubbing it. This whole time he was silent, letting me do what I was doing. I rinsed and wrung the washcloth and wiped him again. I put the cloth in the sink and I felt my body tremble slightly as I lowered myself down as my face was almost touching his cock. Before I realize what I was doing, I smelled his cock as if I was sniffing in rose. I moaned at the sweet smell of his manhood.

Then I heard him moaning too, along with me while I was sniffing him up and down. He was clearly turned on by what I was doing to him just like I suspected he

was. This, in turn, made me even more turned on... and incredibly horny! I scooped up his balls, which were just as impressive as the organ they lay under, with my hand and slowly ran the tip of my first finger up and down his extended shaft. After playing with him like this for the next minute or so, I grabbed his cock in the middle and slowly started to stroke it. This obviously must've felt really good to him because he started to hump my hand. I gripped his prick tighter as he fucked my hand harder.

My breathing grew heavier and faster as he humped my hand. I looked down and I could see cum droplets forming at the tip of his penis. It only took a few more seconds for him to shoot a straight line of cum across the middle of my chest, not taking my eyes off his face as he came. He kept humping my hand as he kept shooting his load across my chest. His wails soon turned into soft moans as he started to settle down a bit. I look back down at his penis and saw that, except for a few clear droplets, he had stopped ejaculating. I removed my hand from around his softening penis and notice that some of his sperm had splattered onto my hand. I lifted my hand up to my face and did something that I never had even done with my ex: I stuck out my tongue and licked every drop of his semen from my hand. He looked down at me and gave me a rather lustful smile. I gave him my own lusty grin as I finished cleaning it off with my tongue. I got up off my knees and walked out of the bathroom, closing the door behind me.

When I got up the next morning, I made a couple cups

time for the boss

of coffee with the coffee maker that was in the room. My boss was already in the bathroom getting ready for the day. I saw him walking towards his door in a hurry. He was probably hoping I wouldn't notice, but I did. I called out to him to come into my room for a minute.

as I stroked him. I wrapped my lips around the head and began to suck him off. I wrapped my other hand around his shaft and started to beat him off with both hands as I took more and more of his penis into my mouth. He was so large and well endowed that I was

He was standing in the doorway, not even batting an eye in my general direction. His face was flushed just like it was the day before we... well, you know!... And his body was shaking a little. I smiled at his nervousness and I said to him in a playful, teasing way, "Come over here. I promise I won't bite you." I shrugged as I added teasingly, "Well, not unless you ask me to!"

He paused for a brief moment before he very slowly stepped over and stood in front of me, still not looking at me. I turned in my chair to the side and looked up at him. I looked straight at his crotch and noticed the big protrusion under his waist towel. I guess he couldn't even look at me now without getting a hard-on! I was feeling my confidence level rise just like his cock and this in turn made me bolder. I placed my hand under the towel and began to rub my boss' engorged dick.

He said nothing as I pulled off the towel. His cock nearly hit me in the face as it popped loose. I gazed over his cock for a moment, then took it in my hand and began to stroke it in the way I had yesterday. He started to moan out loud and got even harder

only able to get a little more than half of him in me. My head bobbed up and down on his penis and then he thrust his pelvis back and forth a little bit more as if he was trying to keep up with me. I took his prick out of my mouth as I lifted it up and sucked on his two big and hairy balls with my lips and teeth.

I slipped his penis back into my mouth and sucked and masturbated him with both hands again to finish him off. As I had expected, it didn't take long as his wails and moans turned into muffled screams as he sprayed my face and filled my mouth with his thick, slick semen. I held my mouth open wide so I could catch his escaping sperm he was shooting at me and I beat him off so hard and so fast that I thought I was going to pull his dick right off his body! He shot such a huge load, as a matter of fact, that it caused me to remark lustfully to him, "You sure were saving a big load for me, weren't you?"

I cleaned us both up, and we sat and finished the coffee, which had cooled by now. After a few minutes, he said he had to go because he was giving the company talk this morning. And that's just what he did!

Caprice feels great today because she got laid last night. "I don't even know the guys name. But he bought me a drink and we hit it off," Caprice explains. "He was really nice and funny, so we went out to his car in the parking lot and I blew him. He came on the side of my face and in my hair. It was a great first date!" We're sure he's looking forward to a second, Caprice. He'll probably bring the van this time.

Okay guys, I'm doing my part. I'm going to suck and fuck this cock so both it and you can get off. I shaved my pussy clean this morning so you can see every fine detail. Then, in the end, I'm going to take your big load of cum into my hot oven and make you my famous pussy cream pie.

Kimberley

I want my men to make me squeal during sex. I was playing with my video games when I finally was getting the hang of it and actually winning. I began shouting and squealing when I realized that guys don't even make me do that. So now I'm on a quest to find the guy that can make me squeal in pleasure. He needs to fuck me good and keep that cock of his nice and hard for me. Yep! That's what I need. Could that be you?

Eva

I like rainy days because I can do the things in the house that I like to do. Like baking cookies, grilling burgers, putting mini-marshmallows on my hot chocolate, argyle socks, changing my nephew's diaper, painting my toenails pink and updating my social online status every day. I also like to suck a big cock, finger-fuck my pussy, tie down my partner on the bed and get my pussy fucked by you. What do you think? Are you game?

my first day home from college

As I pulled my 2016 hybrid car up into the driveway, my mom, her best friend and our neighbor Nora, and my sister came out the front door to welcome me home. Sis looked great, married and six months with child. Her hug and greeting was warm as ever and very comforting. Almost as soon as I arrived though, she regretfully told me she had to leave for the fifty-or-so-mile trip back to her home. Being in the country, she did not wish to drive after dark in her condition. We reassured each other that it would not be another year until we see each other again.

My mom Louise, and I had grasped one another around the waist as we said our goodbyes to sis. Mom was only 5' 2" in stocking feet, and Nora was a couple inches taller. They had known each other for over twenty years (since I was a toddler) and about ten years ago, Nora moved just down the street from us, after dad died. Her support to mom and our family was almost angelic. She was quite pretty, about 125 pounds, which made her 36C breasts appear much larger. Her legs would make any man do a double take while looking her over. Mom was just as pretty and as much of an angel.

Each of us grabbed one of my suitcases and we headed into the

house. Mom told me to sit down and headed right for the kitchen. There was always a pot of coffee on and she poured Nora and me a cup, then came back into the living to chat with us. Our conversation went through the usual... grades, sports, ladies I was seeing... you know, typical stuff.

Nora and I have always been ex-

tremely close. We were quite used to having long and in-depth conversations; most of which would have embarrassed any guy my age. In actuality, it was she who had verbally taught me all that I knew about all the things a man should know about a woman, including techniques and feelings. We stayed up most of the night chatting, bantering and jesting.

The next morning I slept in. It was so nice... no classes or chores, no roommates to stir me, none of the college noises. Uncannily, it was the smell of bacon and eggs and coffee that stirred me. I went downstairs to the kitchen clad only in my skivvies, which sort of broke up mom at the sight of me. Hell, it was just mom. Nora was also there, visiting for her morning coffee and chat. They told me they switch off morning's at each other's kitchens. Nora was wearing a skimpy silk housecoat, which left little for a man to wonder about what was beneath it. Mom was a bit more dressed. After coffee, mom said she had to go to the store in town and would be back in a couple hours. She told Nora to entertain me until her return, and left.

Seeing Nora in her housecoat made my mind instantly bring

Seeing Nora in her housecoat made my mind instantly bring thoughts to what lies beneath it, and I tried like hell to stifle my thoughts.

thoughts to what lies beneath it and I tried like hell to stifle my thoughts. Damn, this was my mom's best friend. In spite of my efforts, my rapidly enlarging tent in my boxers gave my thoughts away. She took notice of me looking at her and then make sure she was appropriately covered.

I tried to pass it off and deep down inside I tried to convince myself that even thoughts of such things were wrong; but, she was the most beautiful thing I'd seen in months... even coming from the big city college. We finished our breakfast in quiet, without our eyes even meeting. But deep inside I could not quell the thoughts my mind had earlier thought of. As she walked towards the sink with our dishes I happened to notice about 3" wet spots in back of her housecoat, which was right about the bottom of her ass as she sat. I thought to myself I might even be the reason she was wet.

We talked about school and grades. Then the subject turned to women. She asked me about the cute little blonde I dated from time to time. I assured her that it wasn't a serious thing, just the date for the movies and dances and such. Then she brought up the "S" subject once again.

'Have you been intimate with the girl? Are you still a virgin? Do you fool around?' Damn, is this the Inquisition? I answered all of her questions. Not that she believed

that I was still a virgin. I told her that blonde and I had experimented with oral sex, that I enjoy giving and getting, but I was good with my hands... but no penetration as of yet. She just nodded. It was late in the afternoon before mom returned. She showed us the stuff she bought for her date tonight – her first since dad died. Nora and I complimented her on her fashion sense, and she went upstairs to get ready.

Nora said she was going to go home for a bit and she asked if she could come back while mom was gone and we could watch a movie together. It'd be a shame to spend my first evening alone. Mom left about eight and Nora

showed up a half hour later. I had gone to my room to change into something more comfortable to watch TV. I came down in a pair of baggy shorts and Nora was in a small summer dress. I sensed she was naked beneath it, as her nipples pushed against the thin material and the roundness of her ass showed no panty line.

As the movie started, I parked myself at the arm of the couch and stretched my legs out in front of it. Nora took her position on the far end, pulled up her legs under her, still completely covered and let out a long sigh. The movie, I can't remember the name, was an intense thriller which kept you on the edge of your seat. About midway through the movie, I happened to notice she had been inching over towards me at every intense part.

Now came the real scary part as she practically jumped into my lap. She was right next to me with one arm across my chest and the other slid partially behind me. Trying to give her comfort, she let out a huge sigh and nestled her head to my chest. I was rubbing my hand across her shoulder and her upper arm and with the consumption of the wine, I guess I just fell lightly asleep.

I woke to soft feminine fingers teasing on my penis. I felt her hot breath on my neck, then her lips pressed against my ear. "I haven't been with a man for over

a year. "I know I'm your mother's best friend and I shouldn't even think of things like this, let alone think about doing them with you. Please, please pretty please... let me suck that big dick of yours?"

I was stunned. My mind whirled thoughts through it. I needed to get my nut, but this was my mom's best friend. This is the woman who knew me since I was knee-high to her. How can I possibly let this go on? But the sound of her pleading... her moaning... the huskiness of her sultry voice got to me.

"Okay, Nora. Just this once, but after this there will be no more!" She wasted not a second. She licked and bit and sucked her way down, all the way from my ear down to my crotch. After she removed my shorts, she started to lick up and down the underside of my cock, occasionally sliding down my scrotum and anus. She was making me wild with pleasures blondie never thought of.

She took the purple swollen head into her mouth and sucked it in and out with her sweet lips for at least two minutes. I was going mad with ecstasy. She began to suck in the rest of my blood engorged throbbing prick. She lingered at the halfway point and I thought I was going to bust a nut. Nora pushed on further taking about six of my nine inches into her mouth. I felt myself start to

stiffen, and I guess she did too, because she pulled her mouth back slightly and clasped my cock at the base until it calmed down.

When she finally released, I knew what she had done. She brought me down so both of us could enjoy the sensations even more. She started again. I felt myself prod the back of her throat at about seven inches. She swallowed and started to breathe through her nose and plunge down on me. Slowly she went down the rest of my engorged prick, forcing it past her gag reflex and into her throat.

She simultaneously massaged my balls and alternated between that and scratching the flesh between

my balls and my ass ever so lightly with her fingertips. My hands were entwined in her ear gently holding her to me, like she really needed that impetus.

Nora felt my already hard cock tense up in her throat. The humming on my cock brought me over the edge and I erupted a long stream down her throat. She gagged slightly, then pulled back a little to take the rest of the reservoir of hot gooey man seed down her throat. She wasted not a drop.

Now it her turn to be pleased. I pulled her legs up and settled myself between them. I lowered myself to her pussy and shove a small sofa pillow under her butt. I put both hands under her buttocks and softly began to massage them. As I did, I lowered my face into her sex and began to lick. Outside at first and then probing her slit with my tongue.

I released my hands from behind and brought them to the front to assist my tongue. I opened her labia exposing her sweet pinkness to my pussy assault. Her vulnerable clit was licked and sucked until I heard her moaning she was going to cum. I finished her off with some tongue swirls and she bucked in orgasm like I had not felt in my life.

We gathered up ourselves and cleaned up and went back to the movie I still cannot remember!

She began to suck in the rest of my blood engorged throbbing prick. She lingered at the halfway point and I thought I was going to bust a nut.
